Every day, we give readers a creative writing challenge related to this month's mag and hits the different writing genres of the language curriculum. It may be a short story starter based on a STEM article from the magazine, a request for a book review, a diary excerpt or a short poetry lesson.	This week's comprehension activity requires the children to read and answer questions from the news section of <i>News Flash</i> . Here pupils will need to use their retrieval and research skills to find the correct answers. Again, children can type their answers in the comment box provided, and we'll pick out those who get them all correct.
